

Accessibility Plan 2019-21

Target	Strategies	Outcome	Timeframe	Goals Achieved
To format the PRU website so it is more easily-accessed on a mobile phone or tablet.	Meetings with website designers agree how the formatting should look and what is accessible.	Parents / carers / other professionals can access the PRU's website 'on the go'.	Meeting occurred in 2019. Work completed by Dec' 2020.	
To ensure parity of inreach places offered across all three sites.	The Oaks to expand or CSB PRU moved to a larger site.	At least two classes of pupils in place at The Oaks meaning more pupils are accessing this support.	LA officers meet SLT in 2019 to agree future of The Oaks. Increase in inreach places by 2021.	
To develop the current curriculum to include PRU values as well as equality of accessibility.	Staff to attend appropriate training and then re-shape the curriculum using new learning.	The curriculum clearly shows where values and equality are to be taught to pupils.	Curriculum fully updated by July 2020.
